5. Danev S (1968) Heart rate at various types of information coding under laboratory conditions. Activ Nerv Sup, 10, I, 15-21
7. Danev S (1968) Heart rate augmentation as a result of increased amount of processed information in conditions of choice reaction performance. Activ Nerv Sup, 10, 2, 177-179, (in Czech)
27. Danev S, Tomov E, Tsaneva L (1976) Upon the usefulness of some psychophysiological criteria for assessment of extraural noise effect. Ergonomia, 9, 32-38, (in Bulgarian)
34. Tzaneva L, Danev S (1981) Upon the influence of small doses of alcohol upon operator’s performance. Work Hygiene and Prof Diseases, Mosque, 5, 36-37 (in Russian)
47. Nikolova R, Danev S. (1989) Assessment of working capacity and functional state of operators from electrical power station, working under 12 hour shift, Paper pres. on IX-th Conf. of the Young Specialists, Varna
49. Danev S (1989) Heart rate variability in work-physiological aspect. Doctoral Thesis., Medical Academy, Sofia, (summary in English)
52. Datzov E, Danev S. (1990) Changes in power density spectrum in tasks comprising static muscle effort. Problems of Hygiene, 16, 71-75, (in Bulgarian, summary in English)
56. Danev S. (1990) Changes in the variability of heart rhythm in diabetes patients, Hygiene and Health Care, XXXIV, 3, 42-46, (in Bulgarian, summary in English)
64. Danev S, Zlatarov I. (1991) Labour-physiological evaluation of the load and strain of the labour of operators from ThePlant "Varna" with 12-h Work-schedule, Hygiene and Health Care, XXXIV, 4, 52-59, (in Bulgarian, summary in English)
65. Danev S, Nikolova R, Datzov E. (1991) Changes of pulse arrival time during stress, Hygiene and Health Care, XXXIV, 2, 30-36, (in Bulgarian, summary in English)
66. Danev S. (1991) Changes in the heart rate variability in diabetic patients, Hygiene and Health Care, XXXIV, 3, 42-46, (in Bulgarian, summary in English)
68. Nikolova R, Danev S. (1991) Assessment of the information degree of heart rate variability indexes under situations connected with neuro-emotional treatment, Problems of Hygiene, XVI, 61-69, (in Bulgarian, summary in English)
70. Nikolova R, Danev S, Amudjev P, Datzov E. (1991) Correlation between some psychological dimensions and heart rate variability, Problems of Hygiene, 18, 34-36, (in Bulgarian, summary in English)
71. Danev S. Heart Rate Variability indices. Hygiene and Health Care, 4, 1992 (in Bulgarian, summary in English)
74. Danev S. (1992) Effect of bearing of antiphons upon verbal communication in noisy industrial conditions, Hygiene and Health Care, XXXV, 3, 24-25
76. Datzov E, Danev S. (1992) Electroneurographic assessment of subjects, exposed on vibration, Hygiene and Health Care, XXXV, 1, 25-28, (in Bulgarian, summary in English)
78. Lustinianoa B, Danev S, Zlatarov I. (1992) Heart rate variability in children with primary arterial hypertension, Hygiene and Health Care XXXV, 4, 14-16, (in Bulgarian, summary in English)
79. Danev S. (1992) Informativeness of the pulse frequency power density spectrum, Hygiene and Health Care, XXXV, 4, 13-14, (in Bulgarian, summary in English)
81. Danev S. (1992) Changes in heart rate variability due to 12 hours day and night shift work, Problems of Hygiene, 17, 53-57, (in Bulgarian, summary in English)
85. Tsaneva L, Danev S. (1994) Verbal communication in hazard industrial conditions, Paper presented on VI-th Nat. Conf. of Hygiene and Health Prophylactic, (in Bulgarian)
87. Danev S, Datzov E. (1994) Cardiac rhythm disturbances in operators with 12-h work schedule, Paper presented on 5-th Congress of Hygiene and Health Prophylactic, Sofia, (in Bulgarian)
93. Tzaneva L, Danev S. (1995) Assessment of the effect of masking noise upon the performance of some psychophysiological tasks, Problems of Hygiene, XX, 38-43, (in Bulgarian, summary in English)
97. Dimitrov T, Danev S. (1996) How to use the analysis of heart rate variability for selection of emploues, exposed to high level work-related stress, Paper presented on Scientific Symposium "The challenge of Stress", Hisar, (in Bulgarian, summary in English)
